ANAND 101

— *Privé* —

Where Access Is Not Given. It Is Earned.

Privé is the private members' house of AnandOne, reserved for a select circle that values privacy and calm. Designed for quiet gatherings, personal well-being, and time shared among members, Privé is more than a clubhouse. It is where memories are made.

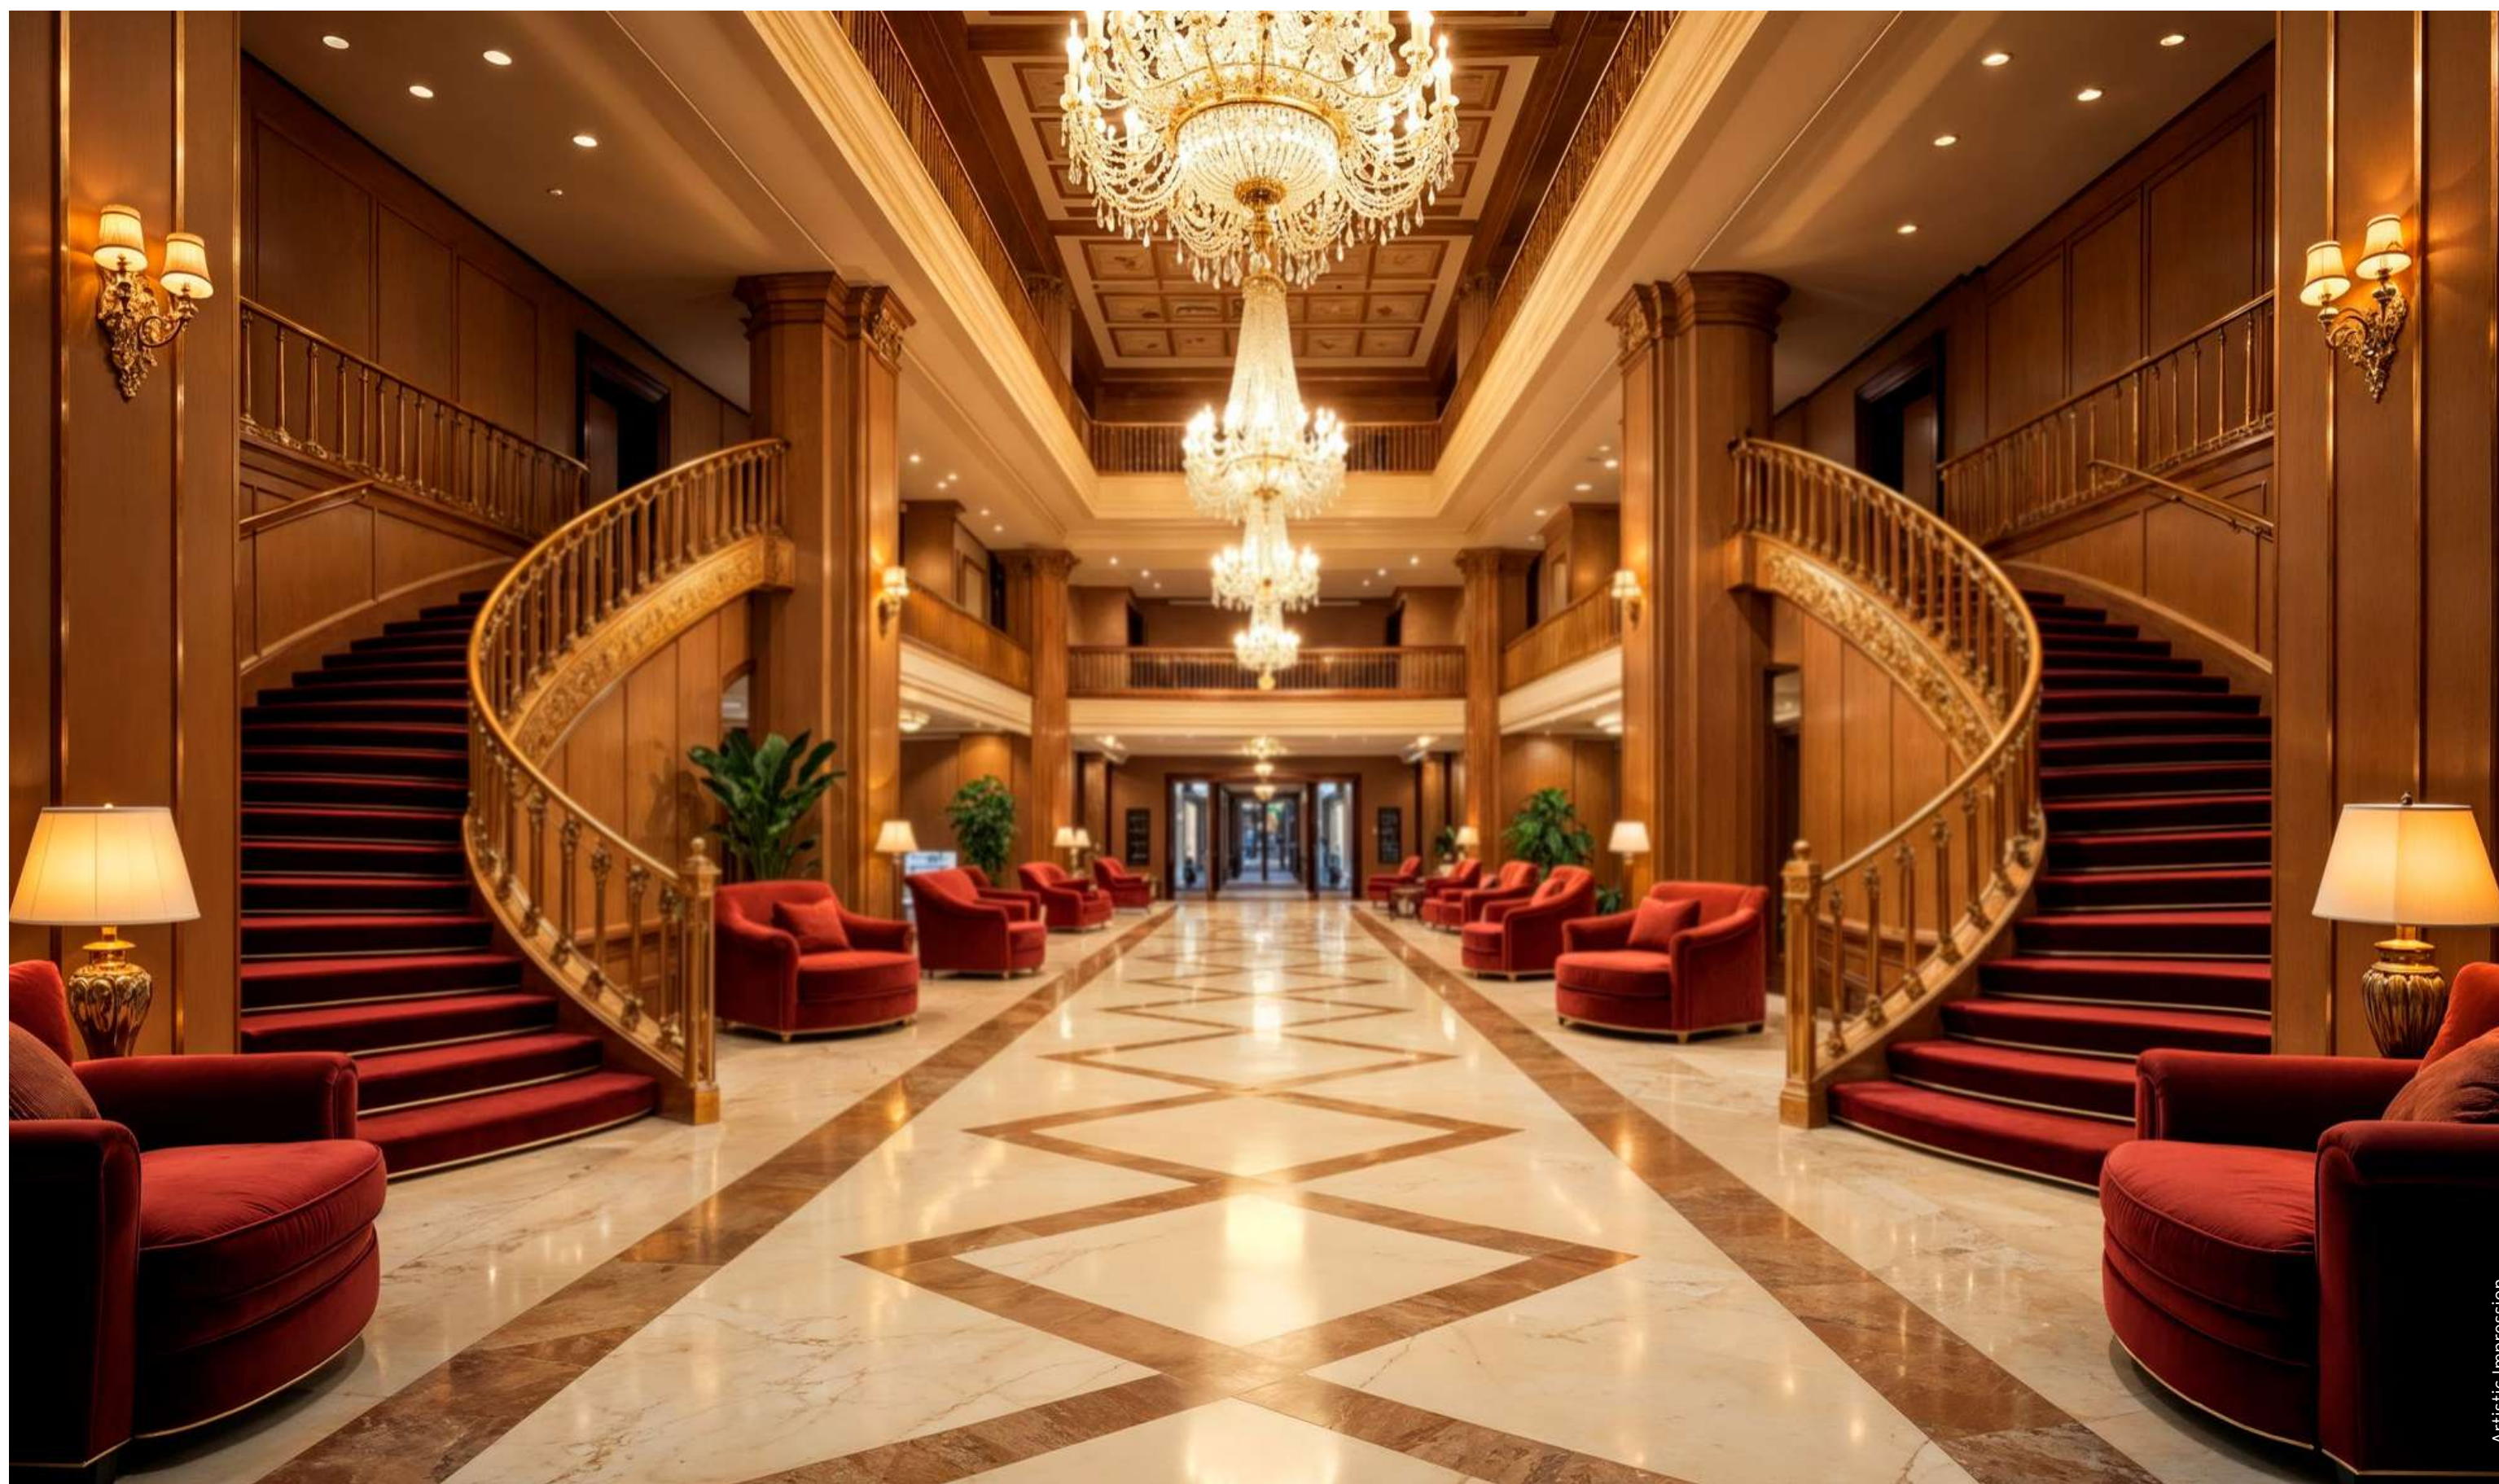

From energising mornings in the gym to relaxing afternoons at the spa. From children discovering their favourite corners to evenings unfolding over a beautifully curated dining experience. This is where life at AnandOne finds its rhythm.

Here, luxury is not loud.
It is personal.
It is shared only with those who belong.
