**HYGIENE GRADE
SUPER COMFORT
SPANDEX**

INDORAMA CORPORATION

INDORAMA CORPORATION is a **USD 5 Billion** corporation, headquartered in **Singapore**, which aims at driving **scale, growth and sustainability**. The purpose of the group is "**Essential Materials, Better Lives**". The group operates across different verticals, namely **Fertilisers, Packaging Material, Yarns, Fibres, and Gloves** with **20 manufacturing** locations across 8 countries, **employing around 22,000 people**. Driven by its belief in sustainability, the group has adopted an ESG-based sustainability model.

Its associate group Indorama Ventures (IVL), is the **world's largest producer** of Polyester Resins and a significant producer of Polyester Intermediates, Man-made Fibres and EO Derivatives, with **diversified operations in 38 countries and 144 manufacturing facilities**.

INVIYA®- GIVING INDIA ITS FIRST SPANDEX BRAND

Indorama India Private Limited, a group company of INDORAMA CORPORATION, has its **office in Chandigarh** and **plant operations at Baddi, in a sprawling site of 25 acres**. It started the commercial production of INVIYA®, India's first "**Made in India**" premium **Spandex Fibre brand** in **2012**.

Currently, INVIYA® products are being used in Air Covered Yarns, Core Spun Yarns, Circular Knitting and Narrow Width Applications, all across the globe.

SnugFit™ - HYGIENE GRADE SUPER COMFORT SPANDEX

INVIYA® has come up with its improvised polymer variant of premium spandex fibre for baby and adult diapers. It is crafted with European winding technology process to provide better comfort without any leakages.

SnugFit™ OFFERS EFFECTIVE SOLUTIONS FOR HYGIENE INDUSTRY, WHICH ENSURES -

01 BETTER OPERATIONAL EFFICIENCY

- Excellent unwinding performance with zero breaks at high speeds (**over 1,000 pieces per minute**)
- Uniform tension throughout the package
- Transfer tails that reduce yarn splicing and help in longer run times
- Suitable for both **OETO** (over end take off) & **RTO** (rolling take off)

02 A WIDE RANGE OF PRODUCTS

- Products ranging from **310 dtex - 1840 dtex**
- Options available for customisation - **Denier, Modulus, Power**, etc.
- Available in **large pool sizes**

03 ADHESIVE COMPATIBILITY AND LOW CREEP RATE

- Especially-designed finish oil cover provides **low creep rate**
- Compatible with most of the **leading adhesive brands**

COMFORT FOR LONG DURATION USAGE

04 SKIN FRIENDLY

- Approved as environment-friendly and harmless for human body by **OEKO-Tex** under Annex 6, Product Class I for Baby Articles
- **Dermatologically** tested and approved for Human Patch Test by **SGS Institut Fresenius** (Epicutaneous Test for the Assessment of a Skin-irritation Potential)
- **Non-toxicological** product

SnugFit™ By INVIYA® is an all-new, technologically-advanced and innovative spandex fibre for diapers with countless USPs. **SnugFit™ -A Hygiene Grade Super Comfort Spandex that offers unparalleled performance in the hygiene market!**
