

LYSAGHT TAPERLINE POLES

Lighting the Way

Built to Last

LYSAGHTPOLE™ | LYSAGHTMAST™

About Us

Lysaght Taperline Poles Pvt. Ltd., accredited with ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018, is an India-incorporated company and a member of the Lysaght Group of Companies, Singapore ("The Group"). In 2013, the company commissioned Chennai's largest galvanizing bath, offering reliable in-house hot-dip galvanizing services with a high-quality finish. Supported by experienced in-house design engineers and advanced software systems, the company meets stringent local and international codes and standards while delivering innovative, durable, and high-performance solutions.

LYSAGHTPOLE™ / LYSAGHTMAST™

Attractive design and versatility make LYSAGHTPOLE™ / LYSAGHTMAST™ an ideal choice for a wide range of applications. Combining high-quality construction with versatile design, the poles and masts are engineered to deliver durability, strength, and minimal maintenance while blending seamlessly into diverse environments.

Product Range, Design Features And Construction Quality

Our steel columns and masts, ranging from 3 to 60 metres, are available in octagonal, multi-faced, and round tapered designs. Engineered for maximum strength while remaining lightweight, they are complemented by hot-dip galvanizing for long-lasting durability and service life.

Advanced computer-controlled design and manufacturing processes ensure consistent quality, smooth tapering, and elegant finishing across all products.

LYSAGHTPOLE™ / LYSAGHTMAST™ is widely used for street lighting, floodlighting, stadium masts, traffic signal poles across highways, airports, seaports, industrial facilities, warehouses, hospitals, shopping complexes, and recreational venues.

The range also includes customized architectural and decorative poles designed to complement modern infrastructure and urban environments.

EASY TO TRANSPORT

The advanced system that LYSAGHTPOLE™ / LYSAGHTMAST™ utilizes makes it simple to transport. All columns, masts and poles can be supplied in separate sections that can then be assembled wherever you require, by an easy slip joint action, if required.

Standards

Shaft as Per BS EN 40, BS EN 10025, BSEN 1011 – 1,2, IS 2062 – E 350. Base Plate – IS 2062 E250

Hot Dip Galvanized to IS 4759, BS 729, BS EN ISO 1461, ASTM A123, ASTM A153 or AS/NZS 4680

In - House Hot-Dip Galvanizing

Designed by an in-house structural team

Adheres to international standards

Single longitudinal weld

Concealed junction box

Joint-free design up to 12 m

LYSAGHTPOLE™ STANDARD DIMENSIONS (3 M TO 12 M)

Mast Series	Height	Top Dia.	Bottom Dia.	No of Section	Sheet Thickness		Bolt Size	Pitch Circle Diameter
		(A/F)	(A/F)		Top section	Bottom section	No x Dia. x Length	PCD
		(mm)	(mm)		(mm)	(mm)	(mm)	(mm)
LM12A	12	100	310	1 or 2	3	3	6 x M24 x 850	395
